

Napa
 3,230 sq. ft. living space
 4 bedroom, 3 bath
 3 car garage
 10 ft. ceilings
 553 sq. ft. covered porch

A large front porch sets a welcoming tone to this spacious plan. Inside, the Napa offers almost unlimited possibilities for customizing the individual rooms. Any of the bedrooms can be modified to serve as a den, home office, or game room, while the mini guest suite includes private and house access, a private bath, and a kitchenette. The large master suite enjoys direct access to the back porch and a sizable walk-in closet. Centrally located, the double-entry kitchen and nook has a large island, pantry, and computer desk. The Napa's unique multi-use laundry room is accessible from the main living areas, master suite closet, guest bath, and the backyard. Adjacent to the kitchen, the multi-use family room offers an extensive view of the backyard as well as direct entry into the three-car garage.
